Thursday- TBC

Friday – Spanish

Due to legal requirements there has been a slight delay with Forest school which will still be going ahead next term. This will allow the children to explore the natural world using a variety of resources, in a variety of places. We will keep you informed with dates and further information

Intergenerational Sessions with Care Homes

We will be taking the children to a care home on a weekly basis to give them the opportunity to interact with the residents. They will enjoy a variety of interactive stories which will include songs, music, movement and more. The first 10 week programme will begin in April

Nut Free Zone

Please do not bring any foods into nursery as we have children with many different severe allergies. This includes breakfast – please make sure your child finishes their breakfast before coming in in the morning. As for children's birthdays, we kindly ask you to no longer bring cake & to provide a healthier alternative such as a fruit platter.

Just to Remember

- You are welcome to leave any buggies, bikes or scooters in the hall next door, however, please note that it is at your own risk. Please also remember to take them at the end of each day. We do not recommend leaving anything over the weekend.
- Unfortunately, we are no longer able to change or increase any sessions for the remainder of this year as we are at full capacity until 2020. If you would like to change your child's sessions, then please let us know **6 months** in advance.
- As we are trying to go paperless, we will only be sending out invoices on request.
- Also, just a reminder that children are not permitted inside the nursery before 8am due to our insurance policy.

School Leavers

If your child is going to school this year, the funding will terminate on Friday 19th July. All fees will be payable following this date. If you wish for your child to continue attending nursery throughout summer, please get in contact with us to let us know.

GRADUATION DAY:

FRIDAY 30TH OF AUGUST

Eggsploring Chick Hatching Experience

In April the children will be taking part in the chick hatching experience. This allows the children to learn about life cycles as they watch them hatch and look after the chicks as they grow.
